Phil Johansen

Wins BIG at NAWCC National Crafts Competition

Phil Johansen, clockmaker extraordinaire, superior craftsman, and Chapter 50 Member, has been awarded the top prize in TWO categories for his entry in the annual NAWCC National Convention Crafts Competition, June 19 — 21, 2014 in Milwaukee, Wisconsin..

The annual Crafts Competition is part of the NAWCC National Convention held each year in various cities. The announced purpose of the competition is "To showcase the finest work in current-day horological crafts. This contest highlights each artisan's talent as well as their understanding of history's influence on their craft. It provides the opportunity to expand each member's historical appreciation of clocks and watches."

Phil entered his beautiful long duration clock in two categories of the competition. These were: Class 4 — "Complicated Clock Movement, and Class 7 — Clock Case — .

Other Material (to differentiate from all wood cases).

Judging of all of the entries was held on Friday, June 20th, and the prizes were awarded on Friday afternoon. Phil was awarded the blue ribbon and gold medal in each of the classes he had entered — Complicated Clock Movement AND Clock Case Other Material. I'd say that was an appropriate recognition of the skill and craftsmanship of the Master Craftsman we know as Phil Johansen. (This is the second time that Phil has won dual first place awards in competition at a National event!)

Congratulations, Phil!!

As many of you know, we were fortunate to have Stephen Nelson give two presentations at our recent 2014 Pacific Northwest Regional. We were also fortunate to have Will Wade video tape all of the presentations. The video of Steve’s talk on Pivot Restoration has recently been posted on You Tube for all to enjoy.
